NOTICE

January 10, 2001

TO: All Prospective Offerors

Reference: Solicitation Number HRSA-232-BPHC-01(1)

Ladies and Gentlemen:

As a result of the number of Offeror questions, received on January 11, 2001, in regard to Attachments A, B, and C, that were made a part of Amendment Number One (1) that was transmitted electronically on January 10, 2001, the HRSA Contract Operations Branch is issuing this notice in order to explain the following:

1. The HRSA Web Specialist has posted the amendment of the HRSA web page: www.hrsa.gov/contract.htm, but is having difficulties posting the Attachments because the Attachments have to be scanned and once completed, they will be posted on the site. In the meantime, the hard copies were mailed out and should be received, shortly, by all prospective Offerors on the mailing list.
2. Be advised that the Attachments are for "Information Purposes." Their contents will not materially impact any prospective Offerors' proposal preparation.

Any information concerning this Request for Proposal should be referred only to Frantz Y. Richard, Senior Acquisition Official, who may be reached via e-mail at frichard@hrsa.gov or on 301-443-0687. Any discussion, regarding this solicitation with individuals other than staff in the HRSA Contract Operations Branch might result in rejection of a prospective Offeror's proposal.

Sincerely,

/S/

James L. Quinn, III
Contracting Officer
